DEVAN PATEL

$6050 \text{ NW } 91^{\text{st}}$ Ave, Parkland FL 33067

EXPERIENCE

Goldman Sachs Group, Inc. • Technology Anaylst Intern, New York, NY

2013 - 2013

- · Designed, implemented, and tested a suite to analyze, monitor, and predict database and run-time performance metrics. Developed graphic representations and statistical analysis to display metadata history.
- · Worked alongside global Operations Technology teams to integrate my project cross divisionally using proprietary APIs.

TECHNOLOGIES: Java, JDBC, Groovy, R, JUnit, Maven, DB2, R, JMX, JConsole

Pinch a Penny o Freelance Software Engineer, Coconut Creek, FL

2013 - PRESENT

- · Developed proprietary Android applications that enables pool servicers to connect to remote SQLite3 database allowing CRUD functionality on client information.
- · Created Groovy command line application to retrieve customer information and send to cell phone via SMS messaging.

TECHNOLOGIES: Java, Android, Ruby, Groovy, SQLite3, JUnit, Apache Email Commons, HTML5, CSS, Rails, Git

Follow Your Food! • Owner and Lead Developer, Gainesville, FL

2013 - PRESENT

- · Leading a team of student developers to design and create an interactive recipe application to track food preparation. Code will eventually target the Android OS.
- · Designing an SQLite database to store recipes for many ethnic dishes as well as maintain history and substitutes for ingredients.

TECHNOLOGIES: Java, Android, Hibrenate, SQLite3, Ruby, Rails, HTML5, CSS, JUnit, Git

UF InfoSec/Programming Team ∘ Team Member, Gainesville, FL

2011 - 2012

- · Implemented various exploits in network programming including socket programming and network sniffing.
- · Studied algorithms and analytical thinking heavily in preparation to compete at collegiate competitions.

TECHNOLOGIES: C, C++, Python, Java, x86 Intel Assembly, Metasploit, BackTrack

UF Dance Marathon ∘ Hospitality Captain, Gainesville, FL

2011 - PRESENT

- · Collectively raised over \$750, 000tions for the Children's Miracle Network. Lead a team of thirty student volunteers in planning, soliciting, and serving meals to 800+ dancers.
- · Personally marketed and collected \$20,000 in food donations.

EDUCATION

B.S. Computer Science Engineering, Minor in Mathematics \circ University of Florida \circ Gainesville, FL \circ Expected Graduation: Spring 2015

· Selected Coursework:

 $\begin{tabular}{ll} \textbf{Computer Science:} Data Structures and Algorithms \cdot Database and Information Systems \cdot Object Oriented Principles \cdot Concurrent Programming \cdot Computer Organization \\ \end{tabular}$

Mathematics: Multivariable Calculus · Complex Analysis · Analysis · Abstract Algebra

Deerfield Beach High School Deerfield Beach, FL o International Baccalaureate o Spring 2010
